

# PAID INTERNSHIP PROGRAMS IN SPAIN

## ABOUT US

Spain Internship helps students, universities and companies to connect with each other since 2009.

Every year we organize thousands of internships in Spain and in other destinations, helping students to find their perfect placement abroad.

We have as well a broad experience as host partner in Erasmus + projects, supporting students to arrange their perfect placement for their curricular internships.

Our organization offers also internships - work experience programs in other popular destinations as the USA, Canada, Ireland, Italy and others.

Our internship programs are reviewed every year by hundreds of students having an excellent feedback. With an average rate of 4.7 out of 5, we can proudly say that we work with great companies who offer a satisfying internship experience.

### BENEFITS

99% of our placements are paid and include some other benefits. Depending on the field, the internship may include housing, meals, stipend or all of them.

### INSURANCE & OTHERS

All the students who are enrolled in a paid internship in Spain are covered by Spanish health social security system so they are fully covered for accidents and health issues. Liability insurance may be provided but it is not guaranteed. In any case, students can as well have their own private insurance or apply for the E-111, if Europeans.

## OUR SERVICES

### OUR RECRUITMENT SERVICES

Our recruitment services are completely free for students and universities generating a win-win solution for all. Every year we recruit for more than 3000 placements, having long – term partnerships with universities from all over the world.

With our recruitment services we cannot guarantee that every applicant will get a placement as companies select and decide which application they want to accept or decline. In any case, we have a really high success rate and we place many students every year.

Our recruitment service includes exclusively the internship arrangements and general support and advice to students: information, housing and documentation. This free service does not include the direct execution of housing bookings, documentation (NIE, VISA) or others by Spain Internship staff members. In case of cancellation of an internship, we always try to support students to be relocated, though it cannot be guaranteed.
